A Radical New Interdisciplinary Space for Sonification

RADICAL

Welcome to Project RADICAL

Project started 11 Jan 2021

Project RADICAL has the ambitious goal of developing a fundamental understanding of

FCM was also included in the methodology of a big project about landscape and sound

PECUS Success Stories - 3

I will use FCM in Aspromonte (Calabria, Italy) for community engagement events as part of the PLAS project (Pastoralism and Landscape Sustainability)
